PARTING BANQUET,—A very sumptuous banquet was given last night at I. Rammel's popular restaurant on Royal street, in honor of Mr. Magnus Schuler, who leaves this city this evening to take passage in the steamer City of Berlin on Saturday from New York to Hambarg. Mr. Schuler came to this country many years ago and engaged in business pursuits, and his success is proof of what can be accomp lished by diligence and attention to business. -A large number of ladies and gentlemen were assembled at the bacquet last night to pay him their respects and to say a parting word, and were cordially received by Mr. Schuler and his estimable lady. At 9 o'clock the supper room was thrown open to the guests. The table presented a scene of rare delicacies, prepared with ail the skill for which the house is justly famous, and the guests appreciated to the fullest extent the efforts made to supply them with so much to tempt the taste and satisfy the appetite .-The champagne was of the choicest quality and flowed as freely as water, and after every speech and toast to "a prosperous voyage and safe return" the centents of the glasses were quaffed with a relish that smacked of the keenest sense of erjayment. During the repast at intervals Professors Uliman and Au discoursed most excellent music upon the Zither and Clarionette, interspersed with an occasional song from a gentleman present, who had lately revisited his foreign home. At 12 o'clock the party broke up with most admirable good order to the tune of "Home Sweet Home." Mr. Schu-ler will spend several months in Germany, he being the third German American of this city who has this year made the pilgrimage to his

THANKSGIVING DAY .- To morrow will be the day set apart by the proclamation of Presi deat Haves as a day of thanksgiving. The Custom House, backs and Commercial Exchange will be closed, during the day, and the postoffice will keep Sunday hours. It is not expected that the day will be generally observed by the storekeepers, it not being regarded as a public holiday here, and Governor Holliday, following the unvariable custom of his predecessors, having issued no prociamation to that effect. For the same reason there will be no holiday given the pupils of the schools. No services will be held in any of the charches. At night there will be a grand masquerade ball at Sarepta Hall, which is expected to be one of the most enjoyable affairs of the season. Every preparation has been made to insure the pleasure of those who attend. In Washington the day will be generally observed by excursions, balls, &c. At the National Theatre Lotta will give a matinee performance which will, no doubt, be well attended from

> LETT FOR EUROPE, -- Capt. Thomas Loc Thorpe, late of the British army, who migrated to this State about five years ago, and purchased a large farm near Gainesville, Prince William ce. which he has successfully operated, left to day for New York, whence he will proceed, on Saturday, in the steamer City of Berlio, to revisit his native country, England. Capt. Thorpa served several years in India and Canada, and is a very genial and popular gentleman, and will travel throughout England, returning to this country next April, and it is hoped that the success he has attained here will induce others to try their fortunes in Virginia, which only needs immigration to become a most thriving and prosperous common wealth.

ILLEGAL VOTING -Andrew Doove, English Harry, alias Smith, a canal boat captain, and Francis Fisher, harbor master on the George town level of the C. & O. Canal, were arrested at Georgetown yesterday on a warrant charging them with illegal voting in the 6 h Maryland district at the last congressional election. They were taken before U. S. ### The Late Robbery.

To the editor of the Alexandria Gazette: You will please allow me space enough in your valuable paper to state to the public generally that the statement published in the Washington l'ost of to day concerning the robbery of my shop Sunday night, is wholly incorrect; yet such a bold thelt in the face of a pelice force was a perfect diserace to them, and if not to the force, it was to the member of the force who-charging me with the robberywas met on King street by Private Watchman Taylor, who informed him of my door being open, and instead of his coming to see about it, went on without noticing it. Consequently it looks natural for them to make such statements to prevent the public from blaming them. Respectfully, WM, A. CARTER.

THE PHYSIOLOGY OF THE LAVER. -The liver is the largest secreting organ in the human body, and the bile which it secretes is more lia-ble to vitiation and misdirection from its proper channels than any other of the animal fluids. Luckily for the bilious, however, there is an un-failing source of relief from liver complaint, namely, Hostetter's Stomach Bitters, a medicine which for over a quarter of a century has been achieving thorough cures of the above mentioned ailments, fever and ague, dyspepsia, bowel complaints, rheumatic and kidney affections, and disorders involving loss of nervous vigor. It is, moreover, a preventive of malarial disease, and affords protection to thousands of persons residing in districts of country where that dire scourge is prevalent. As a remedy adapted to the medicinal requirements of families, it is supromely desirable, and as a means of fortifying a debilitated system, it is thoroughly to be de-

IN THE WHOLE HISTORY OF MEDICINE no proparation has ever performed such mar-velous cures, or maintained so wide a reputa-tion, as Ayea's Cherry Pectoral, which is recognized as the world's remedy for all diseases of the throat and lungs. Its long continued series of wonderful cures in all climates has made it universally known as a safe and reliable agent to employ. Against ordinary colds, which are the farerunners of more serious disorders, it sets speedily and surely, always relieving suffering, and often saving life The protection it affords, by its timely use in the throat and lung disorders of children, makes it an invaluable remedy to be kept always on hand in every home. No person can afford to be without it, and those who have once used it never will. From their knowledge of its composition and effects, physicians use the Cherry Foctoral extensively in their practice, and clergymen recommend it. It is absolutely certain in its remedial effects, and will always cure where cures are possible. For sale by all dealers. E S. Leadbeater & Bro., Agents.

# This important organ weighs but about

three pounds, and all the blood in a living person (about three gallons) passes through t at least once every half hour, to have the bile and other impurities strained or filtered from it. Bile is the natural purgative of the bowels, and if the Liver becomes torpid it is not separated from the blood, but carried through the veins to all parts of the system. and in trying to escape through the pores of the skin, causes it to turn yellow or a dirty brown color. The stomach becomes diseased and Dyspepsia, Indigestion, Constipation, Headache, Biliousness, Jaundice, Chills, Malarial Fevers, Piles, Sick and Sour Stom-sch, and general debility follow. MER-RELL'S HEPATINE, the great vegetable discovery for torpidity, causes the Liver to throw off from one to two ounces of bile each time the blood passes through it, as long as there is an excess of bile; and the effect of cers, Mugs, &c. even a few doses upon yellow complexion or a brown, dirty looking skin, will astonish all who try it—they being the first symptoms to disappear. The cure of all bilious diseases and Liver complaint is made certain by taking Hepatine in accordance with | Sets. directions. Headache is generally cured in twenty minutes, and no disease that arises from the Liver can exist if a fair trial is given. Take no pills when you can get
